SCHOOL REPORT

Communities, like individuals, can lift themselves up by their own bootstraps. Of course it takes perseverance and a lot of dedicated effort to translate wishful thinking into reality. Such is the case with the folks of Sullivan in the year 1963 — a dream came true in the form of a new grammar school complete with kitchen and well equipped playground.

Yet, perhaps this is only the beginning in the long climb upward in the life of this community. Quality from within can now follow the physical improvement of more room and better facilities. Without this beginning, though, any attempt for a change for the better would have been all too futile and a drain on the good intentions of teachers and pupils alike. Now the way is open — there are no real handicaps — from here on in the fruits of incentive can take over with the limits of individual capacities the only deterrent. And, so we come to this next step in the struggle for excellence and equality of opportunity.

It is now possible to put into practice an individualized teaching program whereby each pupil may progress at his own pace, always on a level at which he can experience success, irrespective of grade level or subject matter. For example, a fifth grade pupil, so called, might work more effectively while spelling with a fourth grade group, but achieve at a sixth grade level in arithmetic, if his talent and interest lies in that direction. This means, of course, that individual pupils would move from room to room according to his subject matter abilities. For this to work well, teachers and parents need to have a keen awareness of the strengths and weaknesses of each person involved, be he a primary pupil or one almost ready for high school entrance.

Perhaps, though, the most critical area for proper pupil placement is at the beginning of the school experience. Not all five year old children are ready for the demands of sub-primary — some need kindergarten training while there are those who

would profit from a nursery school approach. In order for this kind of educational upgrading to succeed, it becomes most necessary that parents accept the judgments and good intentions of their children's teachers and respect their recommendations concerning pupil progress.

There is an untapped reservoir of human potential riding your school buses and treading your school corridors. Can't we somehow find the magic ingredients that will light the fires of pride, ambition, and hope which will send them along their way imbued with a determination to succeed — each within the limits of his natural ability? Why won't successful experience, coupled with encouragement and understanding, better nourish this spirit of personal worth? I believe it will — why not give it a try?

PUBLIC HEALTH NURSING

I herewith submit a brief report of the service rendered the Town of Sullivan by the Flanders Bay Health and T. B. Association for the period beginning January 1, 1963, and ending December 31, 1963.

A complete school health program has been carried out during the year. The program consisted of routine school inspection of grade pupils and seven clinics for your children's protection against polio, diphtheria, whooping cough, tetanus, and smallpox; also, entering class was offered the Mantoux test for T. B. All were negative for T. B.

Routine classroom visits have been made and help given teachers whenever needed.

Oral polio types one, two and three, were offered; 81 grammar school pupils received protection.

SULLIVAN
SUMNER HIGH REPORT

All the entering class, as well as all students going out for sports, received a physical examination by Dr. Forcier of the Winter Harbor Navy Base.

Vision at Sumner is tested by the nurse.

The Mantoux test for T. B. was given the entering class and Seniors; of those tested, four were found to have a positive reaction. They received a chest x-ray; results, no active T. B. was found.

Oral polio types two and three were completed this year; 124 students were protected.

During the year 10,338 miles have been traveled by the nurse in connection with clinics and home visits for the five-town union served, visits to give medication and treatment when ordered by the doctor, and to patients once cared for by the nurse, who are now at Maplercrest Nursing Home.

Welfare and social service are part of the program.

I extend thanks to all who have helped in the program, with special thanks for the fine co-operation of Dr. Jack Bocher and Dr. Forcier from the Winter Harbor Navy Base, the Selectmen, Committee Members, Mrs. Enid Sumner and Mrs. Lillian Wilks for their clinic help, teachers, and parents.

Respectfully submitted,

FLANDERS BAY HEALTH & T. B. ASSOC.

AUDITOR'S REPORT

STATE OF MAINE
DEPARTMENT OF AUDIT

Augusta, Maine

February 5, 1964

Mr. Robert Thomas, Chairman
Board of Selectmen
Sullivan, Maine

Dear Sir:

Your letter to Mr. R. M. Parsons of this department has been referred to me for reply.

We thank you for the request to conduct the postaudit of the financial records of the Town of Sullivan for the 1963 fiscal year.

Due to many previous commitments for municipal audits at this time of year, we are unable to definitely advise you of the date that Sullivan audit can commence, however, we believe that in the near future we will be able to notify you as to the scheduled date.

We trust this arrangement will meet with your approval.

Very truly yours,

C. NEWELL DYKE,
Municipal Auditor.

CONTRACT

TOWN OF SULLIVAN

Oct. 14, 1964

The inhabitants of the town of Sullivan by their Selectmen, duly authorized in accordance with the vote of the inhabitants of said Town of Sullivan, at a town meeting held March 9th, 1964, hereby enter into the following contract with Oscar Jordan, of Franklin, for the removal of snow from highways and roads hereinafter described and designated, in the said town of Sullivan for the snow season commencing in 1964 and ending in 1967, under the following terms. Said inhabitants of the town of Sullivan are designated as Party of the First Part and said Oscar Jordan is designated Party of the Second Part. Said Party of the Second Part agrees to remove the snow from State Aid Roads and all Town Roads, and also including Sullivan Grammar School Yard, and (1) one mile of Franklin Road. Town of Franklin Road to be re-imbursed by Franklin to Town of Sullivan at rate per mile of Contract in the town of Sullivan, in accordance with the snow removal law, and further agrees that this work shall be done to the satisfaction of the Maine State Highway Commission whose judgment thereon shall be final.

Said Party of the Second Part agrees to furnish adequate and satisfactory motor driven equipment for plowing these roads, to consist of Two-Trucks, Sanding Equipment, and all plowing equipment, and including the furnishing of salt and sand, and any other equipment that may be necessary, together with adequate crews to operate said equipment.

The Party of the Second Part further agrees to start the above mentioned equipment at any time when snow has accumulated on the above described ways, either from actual snow-fall or drifting caused by wind, to a depth of two or three inches, and operate same continuously until all the above mentioned roads are properly cleared of snow.

The Party of the Second Part also agrees to furnish and

apply sand to any portion of the highways and ways covered by this contract, that may in the judgment of the Municipal Officers or a representative of the State Highway Commission require the same, and that this work will be done within a reasonable length of time after said highway and ways have become coated with ice, and such applications of sand shall be made as frequently as in the judgment of the Municipal Officers or a representative of the State Highway Commission may be necessary for the safety of users of said highways and ways. The Party of the Second Part further agrees to furnish the Party of the First Part with an approved contract bond in the sum of \$5300.00. In consideration of the faithful performance of this work as set forth above, the Party of the First Part agrees to pay the Party of the Second Part the sum of \$5,300.00 per year or approximately \$230.00 per mile of road from which the snow is removed and sand is applied in accordance with the above terms. Said mileage to be determined by the Party of the First Part and a representative of the State Highway Commission. It is agreed by both parties that this contract is not effective until approved by the State Highway Commission. It is further agreed that payment to Party of the Second Part shall be as follows:

1000.00	of the contract price on or before Dec. 1st each year.
1000.00	of the contract price on or before Jan. 1st each year.
1000.00	of the contract price on or before Feb. 1st each year.
1000.00	of the contract price on or before Mar. 1st each year.
1300.00	of the contract price on or before April 1st each year.

IN WITNESS WHEREOF the parties of this agreement have executed the same in triplicate on the 14th day of Oct. 1964, and hereunto set our hands and seals.

CONTRACT BOND

KNOW ALL MEN BY THESE PRESENTS:

That I, Oscar Jordan of Franklin, in the County of Hancock and State of Maine as Principal, and Malcolm Noyes of Franklin in the State of Maine as surety, are held and firmly bound unto the treasurer of the town of Sullivan, in the sum of Fifty three hundred dollars (\$5300.00), to be paid said Treasurer of the Town of Sullivan or his successors in office, for which payment we bind ourselves, our heirs, executors and administrators, successors and assigns jointly and severally by these presents. The condition of this obligation is such that if the principal designated as Party of the Second Part in the foregoing contract shall faithfully perform the contract on his part, and satisfy all claims and demands incurred for the same and shall pay all bills for labor, material, equipment, and for all other things contracted for or used by him in connection with the work contemplated by said contract, and shall fully reimburse the obligee for all outlay and expense which the obligee may incur in making good any default of said Principal, then this obligation shall be null and void; otherwise it shall remain in full force and effect.

Signed and sealed this 15th day of October A. D. 1964.

LIBRARY REPORT

To the residents of Sullivan, we feel that a statement should be made on the Frenchmen's Bay Library so that every citizen can know the good work being done.

Mrs. Edna Robertson is librarian and the library is open Tuesdays and Saturdays in the afternoon. Last year \$400 was expended for new books and 4,441 books were loaned out; of this amount 2,275 were borrowed by adults, and children read 2,166.

It was very gratifying to learn that one girl obtained a book from this library that she was unable to get either in the Augusta or Bangor libraries. One never sees the gold underfoot in their home town, thinking because it is a small town, the library must be small, but such is not the case and the library committee invites all to inspect this library and borrow books. They extend thanks to the town for raising \$200 each year to help carry on this worthwhile project.

Mrs. Meyer Davis and the Sea Breeze Garden Club have worked on the landscaping, and the Garden Club plans to do more work in planting trees and shrubs.

SCHOOL REPORT

The annual school report this year will be consolidated — elementary and secondary, since there are timely problems common to progress of both systems.

Once again opportunity is present for another significant step forward in School Union #96. Sumner Memorial High School has proved its worth and confirmed your earlier judgment that self-improvement could come through your own joint efforts. This fall Sumner High School will house approximately 300 students, staffed by a competent faculty of 16 instructors. But time marches on! Already the high school is overcrowded, understaffed, and has not yet attained accreditation status. Your elementary schools in most instances are also feeling the lack of space and the pinch of limited facilities with programs geared to another day instead of the future. What, then, is the answer?

Obviously, progress must continue; but outside assistance is needed, if new school construction is to materialize and higher operating costs are to be met. Fortunately, the way is opening up for just such a situation, through additional state subsidy aid. The Uniform Local Tax Effort Principle, if adopted by the 1965 legislature will provide new monies for operating expenses, especially in the poorer sections. Construction funds will also become available from state sources under certain conditions.

To take care of anticipated expansion needs, a special bill (Legislative Document No. 432) requesting school construction subsidy funds for Flanders Bay Community School District is being presented to the state legislature at this session by Representative Byron Young of Gouldsboro. Should this approach fail, one other avenue of financial help might be considered; namely, conversion from a Community School District organization to that of a School Administrative District (S. A. D.) as other places have done.

This then becomes an important key decision — will you,

the parents and citizens of this coastal community accept a new kind of school organization, once it is thoroughly explored, if it proves to be a sensible proposal? Right now the Flanders Bay Community School District comprising the towns of Franklin, Sullivan, Sorrento, Gouldsboro, Winter Harbor and Steuben, own and operate Sumner Regional High School with supervisory authority delegated to 18 School Committee members and 18 Board of Trustees members. In the same manner these towns also comprise School Union #96 which separately operates the local grammar schools under the control of 3 School Committee members from each of the 6 participating towns. If both of these governing units were to combine into a unified School Administrative District, its single Board of Directors would handle both elementary and secondary responsibilities under the same authority. This consolidation of management would by itself be an improvement. However a greater gain would come from the subsidy income on all future school construction costs. At today's rates this would amount to about 48.33% State Aid; or nearly one-half.

A consideration of what your future school building requirements might be calls for yet another basic decision. Would you expand the present high school plant sufficiently to meet current and later demands, and, at the same time, add extra rooms to the local grammar schools, to take care of a growing school population in most of the communities? Or, would you give serious thought to a new educational pattern for the years ahead such as the development of a Junior High School plan?

An area Junior High School would accommodate grades 7-8 - 9. Sumner High School would become a Senior High School with grades 10 - 11 - 12. Each town would provide a local elementary program, grades Sp-6.

The Junior High School concept has much to offer. Many of the better school systems which are emerging around Maine are already organized along these lines. In most cases they stress the gains from ability grouping, departmental teaching, extra-curricular advantages in the field of (sports), music and public speaking which become possible through additional gym and auditorium space, as well as the instructional improvements from a science laboratory, home economics and shop

facilities during these important formative years.

One other improvement resulting from this reorganization will develop on the primary level. Each town would have its own Sub-Primary grade. At present, only Sullivan and Sorrento have this advantage. Most of you realize that not every 6 year old school beginner is ready for the formal training offered and expected in grade 1. So many need the preliminary readiness experiences of a pre-primary nature. Probably the day is not too far distant when even Kindergarten and Nursery school training will become a regular part of a really strong educational setup such as in the making here.

Hand in hand with this concept of a topnotch school system must come a determined effort to lift the economy of the area by its own bootstraps. Somehow, ways and means must be found to provide more community income and adequate family wages, if there is to be a better tomorrow for your children and their children. Surely, plus the happiness and security stemming from a prosperous environment is a goal worthy of conquest. Anyway, let's begin anew . . . first step . . . an area Junior High School . . . target date . . . September, 1769.

Good luck and best wishes!

R. H. HASKINS,

Supt. of Schools.

AUDITOR'S REPORT

GLEASON & DOW
Accountants & Auditors
Ellsworth, Maine

February 24, 1965

Board of Selectmen
Town of Sullivan
Sullivan, Maine

In accordance with Chapter 90-A, Revised Statutes of 1954, we have made an audit of the financial records of the Town of Sullivan, Sullivan, Maine, for the calendar year ended, February 2, 1965.

Our examination was made in accordance with generally accepted auditing standards applicable to municipal auditing and included such tests of the accounting records and other auditing procedures as were considered necessary in the circumstances.

In our opinion, the enclosed financial statements presents fairly the financial position of the Town of Sullivan, Sullivan Maine, at February 2, 1965, and the results of its operation for the year then ended.

Very truly yours,

GLEASON & DOW.

A copy of the Audit Report is on file at the Town Office.

We the undersigned certify that approximately 15 years ago the late Dr. Charles Sumner gave to the Town a triangular piece of land in front of his home for a park. As of

now we do have a lovely monument honoring our men and women who gave so much for us. This land was indeed a generous gift. Being bounded on Highway No. 1, it could be, in a short time, made into a beautiful park of which the Town could be proud. Donations of labor etc. could achieve a great deal, once it was started. Therefore we the committee whose names appear below, recommends the sum of \$500 be raised for starting this project.

MRS. EVA JOHNSON,
MR. HARRIS McLEAN, JR.,
MRS. BARBARA DAVIS,
MR. RALPH WILKES,
MR. CECIL HAVEY,
Park Committee.

- 53 To see what sum if any, the Town will vote to raise and appropriate to reimburse James Dickens for monies paid by him to the Town of Sullivan.
- 54 To transact any other business that may Legally come before said meeting.

The Selectmen hereby give notice that the Registrar will be on duty at said Sorrento- Sullivan Recreation Center for the purpose of revising and correcting the list of voters at 12:30

o'clock in the afternoon, on the day of said meeting.

The polls will open at 12:30 o'clock in the afternoon and remain open until 6:00 o'clock in the afternoon for the reception of ballots for the town officers which are elected by Australian Ballot, following which the other articles will be taken up.

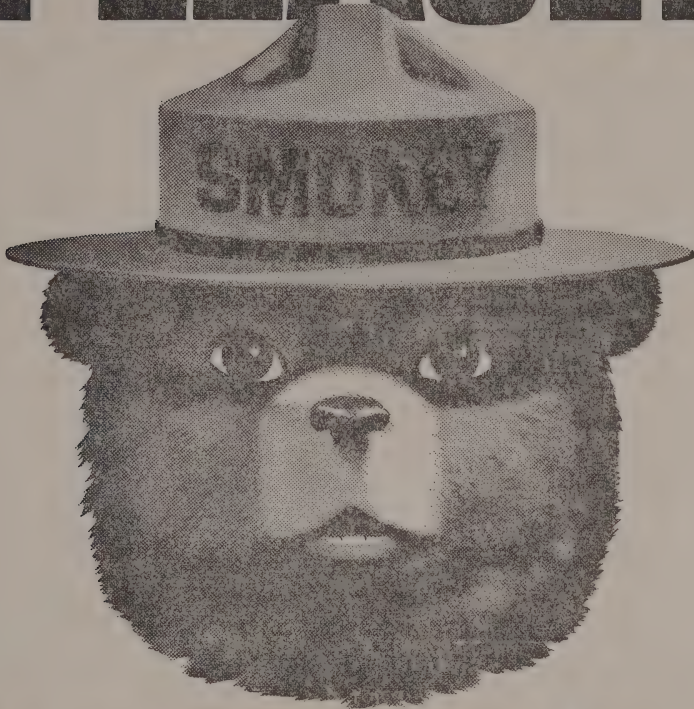

Given under our hands at Sullivan, Maine,
this 10th day of February, A. D. 1965.

LEROY KELLEY,
CLYDE FARRIN,
WAYNE MILNE, SR.,
Selectmen of Sullivan.
